Dear Mr. Oberstebrink:

Thank you for inviting CIA Director William J. Casey to address the Long Island Association at a meeting next spring at the Crest Hollow Country Club.

Mr. Casey has asked me to extend his regrets that he will not be able to join you in the spring of 1985. Please convey his regards to the members of the Association.

Sincerely,

MEMORANDUM FOR: Director of Central Intelligence

FROM: George V. Lauder  
Director of Public Affairs

SUBJECT: Invitation to Address the Long Island Association

1. Action Requested: Accept or decline invitation to address the Long Island Association at a meeting on either 6 March, 3 April, or 1 May of next year at the Crest Hollow Country Club in Woodbury, Long Island.
2. Background: Walter Oberstebrink, President of the Long Island Association, has invited you as past president to speak at one of their breakfast meetings. Approximately 250-300 Long Island businessmen, bankers, and CEO's normally attend. According to the program director, the Long Island Newsday and the local cable TV station cover the meetings. Although press conferences are not permitted, the media is customarily permitted to ask questions after the program is completed. It is suggested that after a continental breakfast is served from 8:00 - 8:15 a.m., you make remarks for 25 minutes followed by a 20-minute question and answer period.

The Long Island Association of Commerce and Industry, the regional Chamber of Commerce on Long Island, represents 2,400 businesses. Recently the Association merged with Long Island Action, a well-financed group of top officials of the Island's leading companies. According to an article appearing in the NEW YORK TIMES last year, the Long Island Association started a Political Action Committee headed by former Congressman John W. Wydler, that "has modest goals---but could become a potent political force on the Island." Reportedly the Association is supporting the movement to avoid the Federal Elections Commission's barring of campaign contributions from corporations to state and local contests. Support of the proposal to open the Shoreham nuclear power plant and an expansion of the MacArthur Airport on Long Island are under consideration by this group. Additional information is opposite.

Dear Mr. ~~Casey~~ *Bill*

The Long Island Association is now conducting very popular Breakfast meetings for the Long Island Business Community.

Recognizing that you are a Long Island resident, founder of the Long Island Action Committee and former President of the Long Island Association, it would be our pleasure to have you address one of our Breakfast meetings on either March 6, April 3 or May 1, 1985.

These Breakfast meetings attract 250 - 300 Long Island business executives and receive good media coverage. The program will commence at 8:00 a.m. and conclude at 9:00 a.m., at the Crest Hollow Country Club in Woodbury, Long Island. Time will be allotted for questions and answers.

In the past, guest speakers addressing these meetings have included J. Peter Grace, Chairman of W.R. Grace & Company, John Dyson, Chairman, Power Authority of the State of New York, Senator Norman Levy and others. (A sample copy of a Breakfast program is attached.)

You are warmly remembered by many of our members and they would be delighted and honored by your presence.

We look forward to a favorable reply.

Sincerely,

Walter Oberstebrink  
President & CEO

## THE PROBLEM OF BIG GOVERNMENT

*on*

**\*FRIDAY, JUNE 8, 1984

*at the*

**Crest Hollow Country Club, Woodbury, Long Island**

J. Peter Grace is Chairman and Chief Executive Officer of W. R. Grace & Co., a multi-billion dollar conglomerate with world-wide interests in chemicals, natural resources and selected consumer services. He has provided effective leadership for the past 33 years and has been instrumental in purchasing a string of companies in a wide variety of industries. Grace & Company employs more than 88,000 people at hundreds of plants, offices and retail outlets in 46 states and 41 countries.

This Manhasset business leader's interests, however, extend far beyond the corporate suite. In applying his business acumen to government operations, Grace was shocked by the waste he saw. Since 1978 he has addressed audiences about government spending and its effect on the economy. Two years ago he was recruited by President Reagan to head the most thorough investigation of government spending ever conducted — the Private Sector Survey on Cost Control in the Federal Government, commonly known as the Grace Commission. The Commission's findings, just released, are still reverberating through the halls of Congress.
